Serving in Hope: Video and Reflection Guide Program

Serving in Hope is a very important spiritual formation program for all current members and a wonderful way to mentor future new members. It is designed for the Conference level and can be used a Session at a time during a Conference meeting, once or twice a month; or the Module can be used as a retreat day. The Video gives the introduction for each of the six sessions in the Module. The Formation Guide provides prayers, readings, a dialogue question and an enrichment reading for each Session. This process of inviting members to pray, reflect and share their insights together, is rooted in the Vincentian spirit and based on the truth that we go to God together in a faith community, not alone. Each session is designed to last about thirty minutes.
