Family Members Profile

Woman: Theresa, age 85, widowed. She has reasonably good health, but requires arthritis medicine not covered by Medicare/Medicaid.

Setting

You live in your own home, which is three stories, quite large, and has no storm windows. You live in the downstairs area with two cats. You took in two roomers last year. They left unexpectedly without paying you and left your place in some disrepair. You are a bit fearful of going out by yourself. In that you don't drive, you use public transportation and friends (you have no family) to get around. You are paying off a loan for furnace repair.
